

# IN THE BEGINNING

## GENESIS 1

Text: Genesis 1:1

### **Genesis 1:1**

<sup>1</sup>In the beginning God created the heaven and the earth.

Introduction:

Genesis is the book of beginnings. Every major truth taught in the Bible has its beginning in Genesis.

You can study this book from the view of 8 great men or from the view of 5 great events, (creation, the fall, the flood, Babel and the call of Abraham). Every major doctrine in the Bible is seen in seed form in Genesis: (The doctrine of God, Creation, Trinity, Man, Satan, Salvation, Faith, Eternal Security, Separation, Rapture, Incarnation, Antichrist).

But above all Genesis points us to God.

God is:

1. The Creator and Sustainer of Life (1:1)

(See Hebrews 11:3)

(Read Acts 17:24-28)

## 2. The Law Giver and Judge of the Universe

### A. We are accountable to our creator

(Read Gen 2:16-17)

## 3. The Savior and Redeemer of Mankind.
